Sure, an academic career can be both challenging and hard to achieve. But it is also a career choice full of meaning, opportunities, and a place to live out your passion.

Come join us for a festive day of encouragement, inspiration and discussions hosted by members of the Young Academy with diverse academic and personal backgrounds all eager to share their experiences and perspectives on:

- diverse pathways to successfully navigating academia
- navigating challenges and seeking opportunities
- balancing academic and personal life
- finding “your” people
- going abroad (even with families)
