PhD Day 2022

It is our pleasure to invite you to participate in the PhD Day 2022 at Health that takes place on **Friday 21 January 2022**.

We are proud to present our keynote speaker Associate Professor Christine Parsons from the Interacting Minds Center, Department of Clinical Medicine and Vice President of DANWISE (Danish Society for Women in Science), who will talk about the issue of inequality in academia and give her insight on how to solve it.

During the day, 430 PhD, Research Year and Research Honours Programme students will present their research through flash talk-, e-poster- and oral presentations.
And as always, the Fogh-Nielsen Competition also takes place during the day.
You find the programme here.

Participation in the PhD Day does not require registration.

We hope that you wish to participate and we look forward to seeing you.

Best regards,
On behalf of the Organizing Committee 2022

Fabio Renato Manzolli Leite
