3. The child's hospitalisation

Only to be filled in if you have been hospitalized with the child after childbirth and have not resumed your work during the child's hospitalisation.

Outpatient treatment or hospitalization of the child in the home cannot be equated with hospitalisation.

Please enter the period of hospitalisation below. The admission is not included in the maternity leave (10 weeks), but simply prolongs the period in which you are entitled to pay during your leave.

[ ] I have been hospitalized with the child within the first ten weeks after childbirth. Period: __________ - __________

[ ] I have enclosed documentation for the hospitalisation.

In accordance with the parental act (barselsloven), you are entitled to 24 weeks of leave with benefit after childbirth.
In accordance with the collective agreement, you are entitled to up to 26 weeks of paid leave after childbirth:

- 10 weeks of maternity leave (of which 2 weeks are earmarked)
- 10 weeks of parental leave (of which 9 weeks are earmarked)
- 6 weeks of parental leave (shared).

The other parent is a state employee: The weeks can be taken by you, the father/non-birth mother or shared between you.
The other parent is not a state employee: The weeks may be held by you.

The above results in a difference of two weeks, which can be handled by the father/non-birth mother transferring two weeks of parental leave to you (weeks 25 and 26 after childbirth), see section 5.5 below.

4. Maternity leave with salary (the first 10 weeks after childbirth)

You must be absent during the first two weeks after childbirth (earmarked), but from week 3 up to and including week 10 after childbirth, you can choose to continue your maternity leave or to transfer up to eight weeks to the father/non-birth mother. The leave is calculated from the day after childbirth.

I will take ________ weeks of the ten weeks of maternity leave.
Period of leave: ________________ - ________________

5. Parental leave (from week 11)

You are entitled to 14 weeks of parental leave – 10 of these weeks are with salary.
5.1 The nine earmarked weeks with salary (week 11-19)

Nine of your 14 weeks of parental leave are earmarked for you and must be taken before the child's first birthday.
If you do not take these earmarked weeks of leave, you will lose your right to them. It is not possible to transfer these earmarked weeks with parental leave benefits to the other parent.

I will take _____ weeks of my nine earmarked weeks of parental leave.
Period of leave: ____________ - _____________

5.2 The five weeks of leave (week 20-24)

Your options:
1) You can take all five weeks yourself.
2) You can transfer up to five weeks to the father/non-birth mother, who must take the leave before the child's ninth birthday.
3) You can defer taking the five weeks of leave and take them yourself before the child's ninth birthday (see sections 5.7).

The first week is with salary, while the last four weeks are with benefits. If the other parent (father/non-birth mother) is not employed in the state sector, all five weeks will be with salary, cf. section 5.3 below.

1) I will take ______ weeks of leave myself. Period of leave: ________________ - ______________
2) I would like to transfer _______ weeks of leave (up to 5 weeks) to the other parent.

5.3 The six shared weeks with salary

The collective agreement gives the parents six shared weeks with salary, which can either be taken by the mother, father/non-birth mother or shared between the parents, cf. the section between section 3 and 4 above.

If the other parent is not employed in the state sector, you are entitled to all six weeks with salary. The four weeks with salary replace the four-week period with benefits under section 5.2 above. The last two weeks will not be with full salary, unless the father/non-birth mother transfers at least two weeks to you, cf. section 5.4 or 5.5 below.

Is the other parent employed in the state sector in Denmark? [ ] Yes [ ] No
If yes: Who is going to take the six shared weeks with salary?
* Mother [ ]
* Father [ ]
* Both of us [ ]
I will take ______ weeks of the 6 shared weeks.

5.4 Transferred parental leave from the father/non-birth mother – with benefits

The rules concerning the nine weeks of earmarked leave with parental leave benefits only apply to people in paid employment.

Employed: The father/non-birth mother can transfer up to 13 weeks to the mother.
Not employed: If the father/non-birth mother is not in paid employment, he/she may transfer up to 22 weeks of leave (24 minus 2 weeks) with parental leave benefits to you.

The leave must be taken before the child's ninth birthday.

Does the other parent have paid employment? [ ] Yes [ ] No
The other parent has transferred ______ weeks of leave to me.
I will take ______ weeks of leave in the period ____________ - ___________
I wish to defer _______ weeks. Please fill out section 5.7/5.8 below.

5.5 Transferred parental leave in week 25 and 26 – with benefits

Not relevant if at least two weeks have been transferred under section 5.4.

Because both parents are entitled to 24 weeks of parental leave benefits, there may be cases in which Aarhus University is unable to get parental leave benefits for the 25th and 26th weeks refunded, cf. section 5.3 above.

In such cases, the father/non-birth mother can transfer up to 2 weeks of parental leave benefits (weeks 25 and 26) to you, so that you will be paid your full salary during this period. If these weeks of parental leave benefits are not transferred, you as the mother will receive a reduced salary equal to the difference between the parental leave allowance and your normal salary.

The father/non-birth mother has transferred parental leave benefits in week 25 to me: [ ] Yes [ ] No
The father/non-birth mother has transferred parental leave benefits in week 26 to me: [ ] Yes [ ] No
Period of leave: ____________ - ____________
5.6 Information about the other parent (cohabitation)

The amended Danish Maternity/Paternity Leave Act contains a new rule that, if the parents do not live at the same address when their baby is born, the parent who shares the same officially registered address as the child will receive 13 weeks with parental leave benefits on top of their own 24 weeks with parental leave benefits.

As a general rule, these 13 weeks of leave must be taken before the child’s first birthday.

I was living with the other parent at the time of birth: [ ] Yes [ ] No

If you tick no, state the period in which you will be taking the 13 weeks of leave: ______________ - _____________

5.7 Leave you are entitled to defer (up to 5 weeks)

Whether you have a right to paid deferred leave depends on whether the other parent is a state-sector employee, and whether you have already taken your leave with pay.

I would like to defer ________ weeks of leave to take at a later time before my child’s ninth birthday.____ of these weeks will be paid leave.

5.8 Leave deferred by agreement (more than 5 weeks) - requires authorisation by the head of your department

We kindly ask that you fill out the necessary notification paperwork, because the amount of the daily benefit you receive will not be refunded to the university if you fail to do so.
